FINANCIAL POLICIES

For the benefit of our patients, our billing policies are described below.

Payment of the charges for our services is the ultimate responsibility of the patient. Payment is expected at the time services are rendered, except when alternative arrangements are made in advance with us.

PLEASE BE AWARE THAT INSURANCE COMPANIES OFTEN DO NOT FULLY COVER A PHYSICAL THERAPY BILL. THIS MAY RESULT FROM DEDUCTIBLE OR CO-PAYMENT PROVISIONS IN THE PATIENT'S POLICY, OR BECAUSE THE INSURANCE COMPANY HAS ADOPTED A FEE SCHEDULE, OR FOR OTHER REASONS. HOWEVER, AN INSURANCE COMPANY'S FAILURE TO FULLY COVER OUR BILL DOES NOT RELIEVE THE PATIENT OF THE OBLIGATION TO PAY OUR BILL IN FULL.

If you are unable to keep your scheduled appointments, we request that you call and cancel your appointments **48** working hours before your scheduled appointment time and obtain a cancellation#. If you fail to cancel your appointment before your appointment time and do not have the cancellation#, you agree to pay **\$75.00** missed appointment fee. **This fee is not covered by your insurance company.**

PLEASE NOTE: During the course of treatment, some patients may require electrical stimulation. As a part of treatment, the use of electrodes may be necessary. These electrodes have contact with the patient's skin and for the patient's safety, patients will be required to purchase his/her own electrodes.

If our bill is not paid in full when due, we encourage you to discuss with our billing staff alternative payment arrangements that may be acceptable to us. Generally, however, any bill not paid within 90 days will be referred for collection. FOLLOWING 90 DAYS DELINQUENCY, MONTHLY INTEREST CHARGE OF 1.4% WILL ACCRUE ON THE BALANCE AND ALL COLLECTION CHARGES INCLUDING ATTORNEY'S FEES OF 20% ON THE UNPAID BALANCE AND COURT COSTS WILL BE ADDED TO THE PATIENT'S ACCOUNT. Please indicate that you have read and understood the foregoing billing policies by signing below.

Advance Beneficiary Notice

Your physical therapist/physician has determined that it is in your best interest to use **Biofeedback and Electrical stimulation with disposable electrode charges** as a part of treatment for your condition for your rehabilitation program. Our charge for the Biofeedback/E stim is **\$25.00/session** over & above your regular physical therapy copay/co-insurance charges.

We have been informed by your insurance company that they do not pay for these charges. Your insurance company will not pay for E stim/Biofeedback for Pelvic floor rehabilitation because it is considered an experimental procedure with insufficient evidence of its effectiveness. The fact that your insurance company will not pay for this service does not mean that you should not receive it. There is a good reason your doctor recommended it.

The purpose of this form is to help you make an informed choice about whether or not you want to receive these services, knowing that you will have to pay for them yourself, "out-of-pocket". Before you make a decision about your options, please ask us to explain the benefits of these services and **read this notice carefully.**

By signing below, you are agreeing that:

YES, I want to receive these items or services. I understand that because E stim/Biofeedback for Pelvic floor rehabilitation is considered an experimental procedure with insufficient evidence of its effectiveness, your insurance company will NOT pay for it. I agree that my insurance company cannot be billed for these services. I remain personally and fully responsible for payment of these services.

NO, Reason: **A. Cost**
 B. Experimental Procedure
